Thought I'd post the information below in one place since apparently some are still slowly coming to terms and learning this information for the first time. I take it for granted that everyone knows this, but unfortunately they don't . . . so in an effort to get us talking from the same page, please note the following . . .

**On 9/11/2001** the USA was attacked by criminal elements within its own government who then blamed the attack on Islamic terrorists.

**On 7/7/2005** London was attacked by criminal elements within its own government who then blamed the attack on Islamic terrorists.

**On July 8th 2005** –the day after the 7/7 London bombings– Robin Cook, Former British Foreign Secretary said the following ...

Former British Foreign Secretary Robin Cook

*“Bin Laden was, though, a product of a monumental miscalculation by western security agencies. Throughout the 80s he was armed by the CIA and funded by the Saudis to wage jihad against the Russian occupation of Afghanistan. Al-Qaida, literally “the database”, was originally the computer file of the thousands of mujahideen who were recruited and trained with help from the CIA to defeat the Russians. Inexplicably, and with disastrous consequences, it never appears to have occurred to*

*Washington that once Russia was out of the way, Bin Laden’s organisation would turn its attention to the west.”*

### Robin Cook also said ...

“The truth is, there is no Islamic army or terrorist group called Al Qaida. And any informed intelligence officer knows this.

“But there is a propaganda campaign to make the public believe in the presence of an identified entity representing the ‘devil’ only in order to drive the TV watcher to accept a unified international leadership for a war against terrorism.

“The country behind this propaganda is the US . . .” – Former British Foreign Secretary Robin Cook

**On 6 August 2005**, Robin Cook had a heart attack and died. Sounds like Mr. Cook may have faced the same kind of heart attack as Andrew Breitbart.

At the time, and because Mr. Cook was Former British Foreign Secretary his statements about Al-Qaeda might have seemed shocking or perhaps a threat, but what he reported in the article above in the Guardian is very common knowledge today. However Mr. Cook’s conclusions that the US Support of Al-Qaeda was a miscalculation have now been proven wrong. The US / Saudi Arabia support for Al-Qaeda was not a miscalculation as indicated in Mr. Cook’s article. And though Saudi Arabia supplied some financial

support, the US CIA also provided about \$3 billion in payments to Osama . . .

7/7 like 9/11 was an inside job. (If you doubt this, please take the time to do your own research)

Supporting bin Laden and Al-Qaeda is no mistake or miscalculation. This is part of what is called Operation Gladio (B).

The US support for Al-Qaeda has not stopped since 1979 and continues today under the newly minted boogie man called ISIS to strike fear into the hearts and minds of the American sheeple.
